### NMCS D'S WOUNDED, ILL AND INJURED SERVICE MEMBERS AWARDED SEVEN MEDALS AT 2ND ANNUAL WARRIOR GAMES

By Mass Communication Specialist Seaman Joseph A. Boomhower, Naval Medical Center San Diego Public Affairs

SAN DIEGO — Four of eight wounded, ill and injured service members assigned to Naval Medical Center San Diego (NMCS D)'s Army Warrior Transition Unit (WTU), Navy Medical Hold and Marine Wounded Warrior Battalion-West detachment (WWBn-W) won a combined seven medals at the 2nd annual Warrior Games held at the Olympic Training Center and Air Force Academy in Colorado Springs, Colo. May 21.

Pfc. Joshua Bullis, WTU Soldier, won the bronze medal in air rifle shooting, WWBn-W Marines Staff Sgt. Jedidiah Vermillion and Lance Cpl. Jese Shag took the team gold medal for seated volleyball. Vermillion also won the bronze for compound archery and Shag also won the silver in wheelchair basketball. NMCS D's Medical Hold Unit Aviation Ordnanceman 2nd Class Selemani Johnson took the silver in the 50 meter free style swim and the 100 meter free style swim.

"I felt it was a bittersweet victory," said Vermillion. "It was sweet because I brought home the bronze to the Marine Corps and had enough points to qualify for the Commander's Cup. At the same time it was bitter because I felt that I had let my coach down for all that time he put into training me for gold."

Before Vermillion and Shag could go to the Warrior Games they had to compete against 250 other eligible Marines for one of the 50 spots allotted to the Marines Corps team.

"I felt honored and privileged to represent NMCS D and at first it was about the competition and to get to the game," said Vermillion. "Then you realize it's not about -you, it's about the Marines still in the fight, who gave the ultimate sacrifice and the Marines who are still recovering."

Johnson was one of five Sailors who competed from the San Diego area, a first time competitor and a first time silver medalist.

"I could have had the gold medal if I had more time for training," said Johnson. "There's always time for next year."

### Local service members recognized on the field prior to the Padres 'USO Night' in San Diego

Above: Capt. Joel A. Roos, deputy commander, Naval Medical Center San Diego (NMCS D), meets San Diego Padres closing pitcher Heath Bell prior to the game. Roos participated in pre-game ceremonies for the Padres 'USO Night' game.

Left: Hospital Corpsman 3rd Class Peter Gould, Silver Star with Valor recipient, Wounded Warrior Battalion West, is interviewed by Channel 4 San Diego reporter Corrie Vaus during pre-game ceremonies. Gould was hit with shrapnel in the neck and face and loss part of his hearing while trying to save other service members on a mission in Afghanistan during Operation Enduring Freedom. Gould threw out the first pitch during the Padres 'USO Night' game.

Continued from page 1

Before Johnson sustained a spinal cord injury from a motorcycle accident last year he was very active running marathons. His only goal was to finish the race.

“It [Warrior Games] motivated me in

a way I never thought possible,” said Johnson. “It wasn’t that important to win a medal, but to win in your heart and have a goal to meet and meet it. It sort of rejuvenates your body and soul.”

*Lieutenant Shaw monitors the dialysis machine during Mr. Tummons' May 25 treatment.*

## Dialysis offered at hospital

By Steve Pivnick  
81st Medical Group Public Affairs

KEESLER AIR FORCE BASE, Miss. — The 81st Medical Group Hospital again offers hemodialysis to patients requiring the care.

The treatment has been available since the 81st Medical Operations Squadron dialysis unit reopened in November 2009 and increased service in March 2010.

Hemodialysis removes waste products such as creatinine and urea as well as free water from the blood when the kidneys are in renal failure.

The staff of three dialysis nurses and a specialized medical technician currently cares for Department of Defense beneficiaries only in the mornings on Monday, Wednesday and Friday. The eight dialysis machines, located in three treatment rooms, allow them to care for up to 12 patients a week. They presently see four. However, they hope to increase the number of patients in the near future and establish a second "shift" as more eligible beneficiaries learn of the service.

First Lt. Nicole Ward, one of the nurses, observed, "Patients undergo dialysis for 3½ to four hours three times a week. We provide very individualized attention; each patient has their own nurse. We are less crowded than many dialysis units, allowing us to offer more personal care. We also support the hospital's graduate medical education program as internal medicine residents see patients here (during one-month rotations)."

In addition to the staff and residents, Lieutenant Ward said a hospital nutritionist sees patients frequently -- many dialysis patients have diet restrictions -- and a social worker stops by at least monthly.

Retired Sailor Virgil Tummons has the distinction of being the unit's first patient.

Second Lt. Renee Shaw, another staff member, commented, "Mr. Tummons was our inaugural and only patient for a few months. As word spread, a couple more people came to us. We get to know them very well since we see them so frequently."

Mr. Tummons, who retired in 1969, undergoes his 200th dialysis treatment in June.

He stated, "This is one terrific staff they have here. They treat me very well."

He's a former resident of the Armed Forces Retirement Home but had left there before Hurricane Katrina (August 2005). Two other dialysis patients currently reside at the AFRH.

Maj. (Dr.) Wayne Latack, 81st MDOS and chief of nephrology, has been at Keesler almost four years, much of the time spent restoring the unit.

"Our goal is to renovate the old ICU (after the intensive care unit relocates to the new inpatient tower later this year), move over there and expand our capabilities," he said.

"Long-term, we'd like to have a 20-patient chronic dialysis unit. We'll welcome a second nephrologist in July and this will allow us to easily accommodate up to 12 chronic patients.

He added, "We currently train our staff 'in house' and also send them to Travis (Air Force Base, Calif.) Almost half the training is done here and the rest at Travis, which has a 50-patient unit. This gives our staff the opportunity to see and work in a very robust unit."

Dr. Latack noted that Keesler and Travis are among only three Air Force medical treatment facilities (not including the one formerly located at Wilford Hall Medical Center in San Antonio) to offer chronic dialysis care. The Wright-Patterson AFB, Ohio, hospital is the third.

## Amazing Dana the Magician

*Dana Law, Amazing Dana the Magician, performs a magic trick for children at Naval Medical Center San Diego's (NMCS D) 28th annual Neonatal Intensive Care Unit (NICU) reunion. Every year NMCS D's NICU staff along with the Armed Services YMCA celebrate all NMCS D NICU patients past and present. NMCS D's NICU department provides comprehensive medical and nursing care to critically ill newborns, as well as infants in various stages of convalescence from diagnostic and therapeutic interventions.*

*Rear Adm. C. Forrest Faison III, commander, Naval Medical Center San Diego (NMCS D), stands at attention as Makenna Sellers, a Armed Services YMCA volunteer, sings the National Anthem at NMCS D's 28th annual Neonatal Intensive Care Unit (NICU) reunion. Every year NMCS D's NICU staff along with the Armed Services YMCA celebrate all NMCS D NICU patients past and present. NMCS D's NICU department provides comprehensive medical and nursing care to critically ill newborns, as well as infants in various stages of convalescence from diagnostic and therapeutic interventions.*

## 31 physicians, dentists graduate

By Dr. Kenneth Levin  
81st Medical Group

KEESLER AIR FORCE BASE, Miss. — Thirty-one physicians and dentists graduated from 81st Medical Group Hospital internship and residency training today.

Maj. Gen. (Dr.) Gerard Caron, assistant surgeon general for dental services, delivered the commencement address.

Physician graduates include seven residents with three years of specialty training in internal medicine. his comprehensive training platform includes rotations at other facilities such as the Biloxi Veterans Administration Medical Center and the University of Mississippi Medical Center in Jackson, providing all graduates with balanced instruction in all core competencies evaluated by the Accreditation Council of Graduate Medical Education. In 2009, Keesler's internal medicine residency received a three-year accreditation status from the ACGME.

Physicians who complete these programs are eligible to take board certification examinations in their specialty and are assigned to hospitals in the United States and overseas. Four of the graduating internal medicine residents were selected for fellowship training in cardiology, hematology-oncology and critical care medicine. All seven of the internal medicine and four general surgery graduates completing one-year internships will continue their residency training at Keesler.

Eight graduating dentists are completing a one-year advanced education in general dentistry residency and two are completing a one-year general practice residency. They receive advanced training in all dental specialties including

oral surgery, endodontics, periodontics, prosthodontics, pedodontics and orthodontics. Upon graduation, they will be assigned as military dentists throughout the world. Keesler hosts the Air Force's largest one-year AEGD.

The two-year dental graduates are completing a residency in endodontics. They completed didactics and research at the LSU School of Dentistry in New Orleans the first year and predominantly clinical work at Keesler in the second year. The endodontic residents help provide supervised teaching for the AEGD/GPR program as part of their curriculum. Both endodontic graduates will be assigned stateside following graduation.

Graduates are:

Third-year internal medicine -- Capts. (Drs.) Kuang Chang, Hugh Coke, Brian Hampson, Johnathan Henderson, Adam Marler, Christopher Nelson and Liana Rodriguez.

First-year internal medicine -- Capts. (Drs.) Adrian Barron, Timothy Davis, Matthew Fain, Andrew Maley, Talayeh Rezayat, Benjamin Smith and Derek Smith.

General surgery first-year -- Capts. (Drs.) Mason Hunt, Hameed Jafri, David Northern and Ramon Riojas.

Research -- Capt. (Dr.) Andrew Hall.

Dental second-year endodontic -- Maj. (Drs.) Rhett Casper and Arezoo Barani.

One-year AEGD -- Capts. (Drs.) Robert Brandt, Anthony Carter, Mandy Riggan, Jamie Smith, Justin Smith, Shelby Tessoroff, Tonya Barry and Damian Black.

One-year GPR -- Capts. (Drs.) Erin McNamara and Evan-Yutaka Masunaga.

## Credit union system honors Todd

*Longtime 81st Medical Group Hospital volunteer escort Dean Todd has been inducted into the Mississippi Credit Union System's Hall of Fame. A retired Air Force lieutenant colonel with 24 years of service, he was recognized for his long association with the Keesler Federal Credit Union, serving on its board of directors since 1973. He was also cited for being on the board of the Mississippi Gulf Coast Chapter of Credit Unions since 2005. In addition, he has been active in the National Association of Credit Union Chairmen since 1981. As a hospital volunteer, Colonel Todd has assisted more than 20,000 patients over more than 30 years of service.*

(U.S. Air Force photo by Steve Pivnick)

*Alma Avila, occupational therapy assistant fits Marine Sgt. Joshua Elliott, Naval Medical Center San Diego's (NMCS D) Marine Wounded Warrior Battalion-West detachment, for a splint in NMCS D's occupational therapy. NMCS D's Occupational Therapy department provides patients with quality expert rehabilitation services in a supportive and safe environment to heal and restore service members to their highest level of everyday functional outcomes.*

*(U.S. Navy Photo by Mass Communication Specialist Seaman Joseph A. Boomhower/HIPAA Complete) Marine Lance Cpl. Thomas Parker, Naval Medical Center San Diego's (NMCS D) Wounded Warrior Battalion-West detachment, uses a functional orthotics splint to increase hand function due to loss of his fingers in Occupational Therapy at NMCS D. NMCS D's Occupational Therapy department provides patients with quality expert rehabilitation services in a supportive and safe environment to heal and restore service members to their highest level of everyday functional outcomes.*

*Above: Marine Sgt. Joshua Elliott, Naval Medical Center San Diego's (NMCS D) Wounded Warrior Battalion-West detachment, uses a Primus RS machine to help straighten his hand muscles in NMCS D's Occupational Therapy. NMCS D's Occupational Therapy department provides patients with quality expert rehabilitation services in a supportive and safe environment to heal and restore service members to their highest level of everyday functional outcomes.*

*Right: Lynn Boulanger, Naval Medical Center San Diego (NMCS D) Occupational Therapist and certified hand therapist, uses mirror therapy to help address phantom pain that Marine Cpl. Anthony McDaniel has been experiencing by using her foot to point out the where he feels the pain. *Eunice Kennedy Shriver*

**NICHD**

**National Institute of Child Health & Human Development**

**The *Eunice Kennedy Shriver* National Institute of Child Health and Human Development,  
The National Institutes of Health, Bethesda, MD**

**Program Director, National Children's Study - Job Announcement #NIH-NICHD-DH-11-490455**

The National Children's Study is an unprecedented complex high profile Congressionally mandated longitudinal observational study to determine the effects of environmental exposure, as broadly defined, and genetics on the growth, development and health of a national cohort of 100 000 children from before birth through age 21 years. The position of Program Director offers a unique and exciting opportunity for a leader to execute and manage daily operations in support of the National Children's Study strategic vision and mission. More than one position may be available. The Program Director works with a team of federal employees and contractors, collaboratively across the NIH, throughout the federal government and with other key stakeholders and organizations to coordinate and direct the protocol implementation to achieve the objectives of the Study. The Program Director is responsible for managing people and financial resources with integrity and fairness, utilizing state of the art tools and processes with frequent refresh cycles to maintain high quality cost effective research and coordinate and harmonize the methods and process of the Study with other international cohort studies. The Program Director is a key member of the senior leadership team for a system of integrated activities in an active learning community.

Applicants must possess a Ph.D., M.D., or comparable doctorate degree in the health sciences field plus senior-level scientific experience and knowledge of research program operations in one or more scientific areas related to clinical research. Candidates should have demonstrated expertise in study implementation, organizational management and a proven record of achieving goals and deliverables. They should have demonstrated leadership and ability to engage others to execute complex projects; optimize organizational performance, setting and communicating clearly defined expectations, promoting accountability for results and resolving operational problems and issues. Candidates should have demonstrated management acumen, including identification and management of financial and human resource needs; proven ability to make complex and strategic decisions to optimize resource usage, mitigate risks, and achieving desired results; and, the ability to build, mentor, motivate, and maintain a culturally diverse staff.

**Salary/Benefits:** The Program Director will be appointed GS-15 level plus a Physician's Compatibility Allowance if qualified. Full Federal benefits will be provided including leave, health and life insurance, long-term care insurance, retirement, and savings plan (401k equivalent).

**How To Apply:** Applicants must submit a current CV and bibliography electronically to:

<http://jobview.usajobs.gov/GetJob.aspx?caller=ftva.aspx&OPMControl=2300124&rc=2&TabNum=6>

In addition, applicants must also submit a supplemental narrative statement that addresses the qualifications requirements (not to exceed a total of two pages), and provide the names, titles, and telephone numbers of 4-5 references. Information on the National Children's Study including a Concept of Operations is located at its website (<http://www.nationalchildrensstudy.gov>). The NIH encourages the application and nomination of qualified women, minorities, and individuals with disabilities.

**Standards of Conduct/Financial Disclosure:** The National Institutes of Health inspires public confidence in our science by maintaining high ethical principles. NIH employees are subject to Federal government-wide regulations and statutes as well as agency-specific regulations described at the NIH Ethics website. We encourage you to review this information. The position requires the incumbent to complete a public financial disclosure report prior to the effective date of the appointment. Selection for this position will be based solely on merit, with no discrimination for non-merit reasons such as race, color, religion, gender, sexual orientation, national origin, political affiliation, marital status, disability, age, or membership or non-membership in an employee organization.

**Reasonable Accommodation:** NIH provides reasonable accommodations to applicants with disabilities. If you require reasonable accommodation during any part of the application and hiring process, please notify us. The decision on granting reasonable accommodation will be made on a case-by-case basis.

**Open Period: Monday, June 20, 2011 to Wednesday, July 13, 2011**

**DIRECTOR, DIVISION OF  
OCCUPATIONAL MEDICINE  
DEPARTMENT OF  
PREVENTIVE MEDICINE**

The Mount Sinai School of Medicine, located in New York City, is internationally acclaimed for excellence in clinical care, education, and scientific research. The Mount Sinai School of Medicine seeks an experienced Physician (MD), Board-certified in Occupational Medicine at the Associate to full Professor level, to direct the Division of Occupational Medicine located within the Department of Preventive Medicine. The qualified candidate must have strong academic credentials, supervisory experience and a willingness to lead a strong academic program in a complex environment.

The Mount Sinai Division of Occupational Medicine, one of the largest and most renowned academic occupational medicine programs in the United States, traces its origins to the pioneering epidemiologic studies of workers exposed to asbestos led by the late Irving J Selikoff, MD. Today the Division encompasses:

- Clinical Programs in occupational medicine, including the New York State-funded Irving J. Selikoff Center in Occupational Medicine
- The World Trade Center Medical Monitoring and Treatment Program providing diagnostic and treatment services to over 25,000 workers and volunteers who served in New York City after 9/11
- The World Trade Center Data and Coordination Center
- Research programs in occupational epidemiology and ergonomics
- Training programs in occupational health - a residency program in occupational medicine, the NIOSH-supported New York-New Jersey Education and Research Center (ERC) and teaching programs for medical and MPH students

Interested candidates should submit a CV to:  
philip.landrigan@mssm.edu or call: 212-824-7046.  
Mount Sinai Medical Center is an equal opportunity/affirmative action employer. We recognize the power and importance of a diverse employee population and strongly encourage applicants with various experiences and backgrounds.

**ACADEMIC HOSPITALISTS  
(NOCTURNISTS)**

The General Internal Medicine Division at the University of Maryland School of Medicine and Medical Center in Baltimore, MD has immediate openings for full-time Academic Hospitalists-Nocturnists (**Internal Medicine BE/BC physicians**) to join our dynamic group of 22 hospitalists. This is a unique nocturnist position for a BE/BC physician in our MICU. Shifts will consist of 12 hr. night only assignments encompassing 7 nights on and 7 off or fewer nights on, depending on agreement with colleagues. This MICU is located in a major academic center and the candidate will work beside an Intensivist and upper level resident providing cross coverage for status changes with the possibility of admitting new patients under special circumstances.

Qualified candidates must be proficient with basic procedures such as central and arterial lines, LP's and paracentesis and thoracentesis. Positions are open to all interested candidates and those considering fellowship training in Pulmonary and Critical Care Medicine are also encouraged to apply.

We are seeking applicants excited about delivering excellent patient care, often integrated with regular medical student and medical resident educational opportunities. Excellent interpersonal and communication skills are a must. Hospital medicine experience is desirable but not mandatory. Faculty rank and tenure status is commensurate with candidate's qualifications and experience. Salary based on AAMC salary scales. Candidates encouraged to apply by e-mail by sending CV and names of 4 references to [JGibbs@medicine.umaryland.edu](mailto:JGibbs@medicine.umaryland.edu). The UM,B is an AA/EEO/ADA employer with a strong institutional commitment through diversity. Please reference Positions 03-309-605-611-614.

**ACADEMIC HOSPITALISTS  
(NOCTURNISTS)**

The General Internal Medicine Division at the University of Maryland School of Medicine and Medical Center in Baltimore, MD is recruiting full-time Academic Hospitalists-Nocturnists (**Internal Medicine BE/BC physicians**) to join our dynamic group of 22 hospitalists. A new geographic 10-bed Cardiology service will open on October 1, 2011 and day-time service is required in addition to nocturnal coverage of our Coronary Care Unit. Diagnostic criteria developed to place the most stable cardiac patients on this service. Medical direction of the 10-bed unit will be provided by Cardiology. The proportion of teaching and non-teaching will vary based upon day and night shift coverage and a night-time differential for the CCU will be available to applicants who **can start prior to October 1**. The night-time hospitalist will be expected to accept admissions to the CCU after 8 P.M. when the CCU resident has reached his/her cap, and provide night time coverage for all cardiology patients housed on the CCS/PCS inpatient units.

We are seeking applicants excited about delivering excellent patient care, often integrated with regular medical student and medical resident educational opportunities. Excellent interpersonal and communication skills are a must. Hospital medicine experience is desirable but not mandatory. Faculty rank and tenure status is commensurate with candidate's qualifications and experience. Salary based on AAMC salary scales. Candidates encouraged to apply by e-mail by sending CV and names of 4 references to [JGibbs@medicine.umaryland.edu](mailto:JGibbs@medicine.umaryland.edu). The UM,B is an AA/EEO/ADA employer with a strong institutional commitment through diversity. Please reference Positions 03-309-605-610.

**Full-Time Executive Director  
MEHARRY-VANDERBILT ALLIANCE**

Vanderbilt University and Meharry Medical College are seeking nominations for a full-time Executive Director of the *Meharry-Vanderbilt Alliance*. The Executive Director will hold faculty appointments at both institutions.

The Alliance, founded in 1999 as a collaborative partnership between Meharry Medical College (MMC) and Vanderbilt University Medical Center (VUMC), has fostered programs between the two institutions in medical education, facilitated clinical care for the underserved and developed a robust research portfolio, with over \$180 million in total funding and over 300 joint publications. With this outstanding foundation of accomplishment, the next phase of the Alliance will be an enlarged focus on translational and community-based research with special attention to underserved communities and the elimination of health disparities.

The ideal candidate will have a MD, PhD, or DrPH and should be well published with past success in obtaining independent funding in translational and/or community-based research. Previous academic leadership experience is desirable.

Located in Nashville, Tennessee, Meharry Medical College (MMC) is the largest private, independent historically black academic health center dedicated to educating minority and other health care professionals in the U.S. In a recent review of the nation's medical schools, Meharry ranked #2 among all 141 allopathic and osteopathic medical schools in the "social mission" of American medical education. MMC has over 780 students pursuing degrees in medicine, dentistry, biomedical sciences and public health, 100 postgraduate clinical trainees, close to 1,000 employees, a committed faculty of 250 and is the home of the newly established and endowed Robert Wood Johnson Foundation Center for Health Policy at Meharry.

Vanderbilt University and Vanderbilt University Medical Center (VUMC) are located on the same campus in Nashville, in close proximity to MMC. VUMC ranks in the top 10 among medical schools in NIH funding and has over 2,000 faculty and more than 450 research laboratories which support training for over 350 graduate students and 400 postdoctoral fellows. An innovative NIH funded CTSA program is a partnership between VUMC and MMC, jointly managing the Community Engagement Research Core.

For more information on the Meharry-Vanderbilt Alliance, please visit [www.meharry-vanderbilt.org](http://www.meharry-vanderbilt.org).

Please send inquiries or letter of interest and updated C.V. to

### Brockton Primary Care Team Leader/Physician:

The VA Boston Healthcare System is recruiting for a full-time primary care physician leader for the Brockton Primary Care Clinic. This is a position within the Primary and Ambulatory Care Service Line in a large Department of Medicine. The Brockton practice is our largest primary care practice with over 8600 patients, with onsite access to multiple specialties and radiology, laboratory services and Urgent Care. The Team Leader is responsible for ensuring that excellent, high quality care is provided to our Veteran population. The individual would work as a member of the management team to provide oversight of practice management, operational issues and clinical performance. The VA utilizes a national electronic medical record and is known for delivering high quality, evidence based care within a culture of continuous improvement. The VA is in the midst of redesigning primary care towards a more patient centered, healthcare team approach with emphasis on improving health care outcomes through developing better systems for care management and coordination.

The VA Boston Healthcare System offers teaching opportunities both with medical students and medical residents in the inpatient and outpatient arenas. The physician should be board certified in Internal Medicine. As a member of the VA Boston Healthcare System and Department of Medicine, a faculty appointment at an appropriate rank is expected.

Applicants should submit a curriculum vitae via e-mail: [BostonPrimaryCareJobs@va.gov](mailto:BostonPrimaryCareJobs@va.gov). For further information regarding the position, please contact Jacqueline Spencer, M.D. at 857-364-5544. We are an Equal Opportunity/Affirmative Action Employer. Women and minorities are encouraged to apply for these positions.

The University of Oklahoma Health Services is seeking a full-time physician to provide acute and continuing comprehensive individual health care at the Norman campus health care center for students, faculty, staff and their dependents.

### Medical Doctor or Doctor of Osteopathy

- 36 months experience (residency qualifies)
- Oklahoma State Medical License
- DEA registration certificate
- OSBNDD registration certificate
- Board Certification
- BLS Certification

Hiring contingent upon background check with AMA, NPDB & NCQH.

Please submit a resume, curriculum vitae, cover letter and three (3) professional references.

*The University of Oklahoma is an Affirmative Action/Equal Opportunity employer and encourages diversity in the workplace.*

Apply on-line at [jobs.ou.edu](http://jobs.ou.edu), Requisition #11592

## Physicians

### LOCUM INTERNIST FULL-TIME (2)

Accepting Applications for 2 Internal Medicine F/T positions. Board Eligible req'd, Board Certified pref'd. Experience with electronic health records pref'd. Practice setting is rural Oahu. Relocation allowance is provided.

Interested candidates should view our web site & submit their resume to Audrey Taleff, Chairperson Recruitment Committee, or contact our HR Dept for additional information.

**In-house Medical Consultants: Internal Med, Family Practitioners and Doctors of Osteopathy**

MRC Disability Determination Services has openings for Massachusetts board certified internists, family medicine practitioners and doctors of osteopathy to provide in-house medical consultation in their Boston and Worcester Offices. These consultants will work with the Agency's vocational disability examiners to determine the eligibility of Social Security disability claimants. Preference will be given to those candidates who are experienced in the interpretation of medical documentation according to legal standards and federal requirements and familiar with the policies and procedures established by the Social Security Administration. Usual hours are 20 hours/week on a 4 hour/day, 5 day/week schedule. An alternate schedule may be arranged with the Regional Director; however, minimum availability must reflect a total of 15 hours/week. Reimbursement will be made according to an hourly rate established by the Division of Health Care Finance & Policy. Training and support will be provided by the DDS Chief Consultants. Interested parties may respond to Tricia Cody, Director of Professional Relations and Contract Management, by phone at: (617) 654-7716, e-mail: [patricia.cody@ssa.gov](mailto:patricia.cody@ssa.gov) or fax (617) 654-7520.

**CHIEF MEDICAL OFFICER  
RIGHTTIME MEDICAL CARE  
Central Maryland**

Chief Medical Officer will work with the CEO to develop and refine a best practices model for expanding urgent medical care using clinical analytics, while developing innovative customer service processes compatible with serving all patients, including those affected by the health care reform Acts of 2010. This physician will be responsible for leading, inspiring, educating, coaching, and mentoring medical providers; analyzing and presenting clinical data and research at both the local and national levels; and interacting in a diverse, team-oriented, highly engaging and dynamic professional environment.

Righttime's commitment to access and quality medical care is unmatched, and requires that managers act as hands-on leaders, with demonstrated business savvy and the ability to work at the speed of Righttime's growth. A qualified individual must be a licensed physician in good standing, with a medical degree from an accredited US medical school and board certification. Additional management and clinical experience of at least seven years is required. Salary will be commensurate to qualifications and contributions.
